

MEDICOLEGAL CURRICULUM VITAE

Expert Summary

Dr Martin Sandler is a highly experienced Consultant Physician and senior medical leader with more than 30 years' experience in General and Geriatric Medicine.

He has extensive expertise in frailty, elderly care, acute medicine, stroke pathways, rehabilitation, community care, and healthcare system redesign.

He currently serves as Deputy Medical Director at George Eliot Hospital, Associate Medical Director at Warwick Hospital, and Regional Clinical Lead for NHS England Midlands.

Dr Sandler prepares approximately 10–12 medico-legal reports per annum, predominantly relating to clinical negligence matters. Instructions are accepted for both Claimant and Defendant parties in broadly equal proportion.

Areas of instruction include:

- Hospital care and management
- Community healthcare
- Home-based care
- Care home management and standards
- Frailty and elderly care
- Rehabilitation and discharge planning
- Clinical governance and patient safety

Reports are generally completed within 4–6 weeks depending on complexity. Urgent instructions may be considered where feasible.
